A DINNER PARTY

Class Act is not a conventional private dining room. It is an evening – a fully orchestrated sequence of courses, pairings, and conversation – designed around connection. Chef Nicolai Mlodinow's avant-garde tasting menu transforms a client dinner or team celebration into something guests talk about for weeks.

Every private booking at Class Act includes exclusive use of the dining room, a multi-course tasting menu, and access to Nightcap – our connected speakeasy – for a post-dinner cocktail.

TASTING MENU

Chef Nicolai's seasonal multi-course tasting menu – imaginative, story-driven, and unlike anything else in Chicago.

THE SETTING

An intimate communal table opens to an energetic open kitchen. The welcome foyer and dining room are yours for the entire event, fully private.

WHAT SETS US APART

1 / CHEF DRIVEN, NOT CATERED

Every course is prepared by Chef Nicolai and his team – not a banquet kitchen. Your guests receive the same quality as our regular tasting menu service.

2 / THE SPEAKEASY CLOSE

No other private dining experience in Chicago ends the evening in a hidden speakeasy. Nightcap becomes the moment every guest remembers and retells.

3 / COMMUNAL FORMAT BUILDS CONNECTION

The dinner party structure is intentional. Guests who might otherwise exchange only business cards end the evening as genuine connections. Ideal for client relationships and team building.

4 / FULLY PRE-PAID AND SEAMLESS

Everything is agreed and paid in advance. No per-item billing, no awkward check at the end. Your guests experience the evening as a gift, not a transaction.

5 / BUCKTOWN - A DESTINATION

Class Act is in one of Chicago's most sought-after neighborhoods. Guests visiting from out of town get an authentic Chicago experience beyond the hotel corridor.
