HOLLYWOOD'S ONLY DISTILLERY

ESTABLISHED MMXVI

*Hollywood's first
legal distillery*

Located on a vibrant stretch of Santa Monica Boulevard, Hollywood Distillery is a working distillery and event space, and the first legal distillery in Hollywood history. From the copper stills on the production floor to the warmly lit tasting room, every corner of the property is built to be photographed, gathered in, and remembered.

THREE SPACES ONE ADDRESS

The property includes the high-ceilinged Tasting Room and elegant bar, the soaring Production Floor with its copper Vendome stills, and the flexible Lot — a private surface space ready for dinners under string lights, food trucks, or cocktail receptions. Built for weddings, brand activations, product launches, screenings, and any celebration that wants character without compromise.

THE LOUNGE

Reclaimed wood, polished concrete, and warm pendant lighting make the lounge area ideal for seated tastings, fireside chats, and private receptions. Built-in AV and a projector screen support screenings, panels, and brand presentations.
