Identidad Peruana

“Destilamos identidad... Perú ya no solo se come, también se bebe... Licores que cuentan la nueva historia del Perú en cada trago: Whiskeys serranos, gins con botánicos nativos, rones de caña criolla, licores de ajíes y raíces. Coctelería con alma peruana. Esto es el Perú, servido en copa.”

“We distill identity... Peru is no longer just eaten, it's also sipped... Spirits that tell the new story of Peru in every sip: mountain whiskeys, gins with native botanicals, creole sugarcane rums, Peruvian chilis and root liqueurs. Cocktails with a Peruvian soul. This is Peru, served in a glass.”
