Five Ways to Gather at Metro

I. Upgrade Your Boardroom

Trade a sterile conference room for a sophisticated private suite where your presentation lights up the big screen. Metro offers a seamless alternative for high-stakes sales pitches and team-building off-sites, providing the technical reliability of a boardroom with the elevated hospitality of a luxury lounge. We provide an inviting, professional environment that keeps your audience engaged and your agenda on track.

II. Showcase Your Brand

Elevate your next product launch or influencer event within a textured, high-impact environment that serves as a premium backdrop for your story. From street-facing digital takeovers to immersive lounge activations, our event team collaborates with you to transform Metro into a curated home for your brand. We provide the "wow moments" and professional execution required to ensure your activation is as memorable as it is successful.

Five Ways to Gather at Metro

III. Celebrate Your Moment

Host your signature birthday, anniversary party, or wedding rehearsal in a private suite that beats any simple meeting space. Metro provides an intimate environment and attentive service that makes your most important gatherings feel truly personal.

IV. Highlight Your Vision

Provide your production with the premier setting it deserves in a plush, private screening suite. Whether you are hosting a work-print review or a pre-release screening for press or talent, we've got you covered.

V. Host a Private Screening

Provide your principal or VIP guests with the ultimate in discretion and comfort. Metro offers a sanctuary for high-profile clients who require a secure, world-class cinema experience away from the public eye.

Event Packages

From a pre-release screening to a coordinated branded experience, Metro Private Cinema is your premier event destination.

Bespoke Event Design

While our signature packages provide a seamless foundation, we would also love to collaborate with you to create a truly one-of-a-kind experience. From private film acquisitions to full-scale venue transformations, our team is equipped to bring your vision to life.

Four Ways to Make Metro Yours

Custom Culinary & Beverage Development

For full-venue buyouts and high-impact events, our culinary team offers dedicated menu development. We work closely with you to design a unique dining experience or a signature cocktail program that reflects your theme. Our menu development service ensures that every dish and cocktail is specifically curated to your vision.

Environmental Branding

Transform Metro into a dedicated home for your brand or milestone. Take over our street-facing digital displays, install custom physical signage, or curate photo-op footprints within the lounge. We also offer furniture reconfiguration in our suite.

Tailored On-Screen Content

Beyond your own high-definition presentations and personal tributes, we can coordinate with our studio partners to acquire specific films by special request. To ensure a polished first impression, we can also feature custom welcome messaging on the big screen to greet your guests the moment they enter their suite.

Full Venue Buyouts

For large-scale activations, industry Premiers, or private galas, the entire 14,600-square-foot Metro facility is available for exclusive use. A total buyout provides your guests with private access to all 20 screening suites and the Lounge, creating a fully contained, multi-floor experience in the heart of Chelsea.
