

RUSSIAN SAMOVAR

Food Options:

We try to make things easy by presenting two options for food. We do make custom menus, however, for clients who need something between the two.

Light Food

This focuses on hors d'oeuvres and lighter fare so you can focus on having a rip roaringly good time with your alcohol consumption! For \$45 / guest, you can select any 6 options from the hors d'oeuvres menu, excluding the caviar. We'll provide a taster portion for each guest, but it is designed to be an appetizer, not a full meal.

Entree Buffet

This option is for groups that want a more substantive meal without the formalities of a dinner party. As a highly customizable option, you'll usually choose 2 or 3 items such as potato vareniki, chicken stroganoff, pelmeni dumplings, or grilled salmon served in large chaffing dishes. Prices vary by item, but most groups choose 2 top tier items or 3 lower tier items for \$55-\$75 / guest.

Full Banquet

Designed for families and friends, the banquet menus are representative of a multi course Russian dining experience. Families will sit, drink, and laugh throughout the entire meal. It's an incredibly filling menu, and does include alcohol in varying degrees. Please look at the attached Catering Menu Trio to take a look at what we have available. And remember, this is very negotiable, so don't be shy about making a request.

Group menus start at \$115, \$150 and \$175 per person for a full dinner with % cold appetizers, two hot appetizers, choice of 3 entrees, desert, coffee and tea and alcohol.

Drink Options:

Drinks are easier and more flexible because they require less advance planning. We've got several options for you.

Open Bar (Basic)

For \$35 / guest / hour, we give you as much wine, beer, house mixed drinks, and Russian Samovar infused vodka drinks as you can consume. It's perfect for groups who know how to have a good time, but want to focus on the infused vodkas we're known for.

Open Bar (Premium)

For \$55 / guest / hour, you can drink anything in our restaurant as long as it's drinkable! We now include wine, beer, house mixed drinks, Russian Samovar infused vodka drinks, top shelf mixed drinks, and our signature cocktails.

Pre-Purchase

For guests who just want to get the party started and let their guests take over from there, we offer the ability to pre-purchase a value of vodka. We generally sell shots of the infused vodka at \$6/\$8 op. We find that sometimes it helps to have some alcohol on the table to start the party off. First round deal.

RUSSIAN SAMOVAR

Single Tab

A single tab is a simple way to make sure everyone can order what they want and only what they want. We essentially run your card at the end of the night, and call it an evening. This is a great package for anyone who thinks they are not going to take full advantage of an open bar, but really want to ensure those of their group who do drink are able to fully enjoy themselves. This can also be a good option for groups that have a final budget they don't want to exceed, as we can cap the tab at any point and turn it into a cash bar.

Cash Bar

Very simply, this is an option where guests buy their own liquor. We may ask for a reasonable minimum guarantee depending on the other purchases you make, and whether or not we waive the fees for the space (and we usually are happy to do so!). This option is great for people who want to keep their focus on food and let their guests purchase their own liquor.

Platters Menu Available - (Feeds 10-12)

We make it easier to preorder food on the table, even in the bar. Perfect choice for an office party or a small gathering.

... And for those watching their waist lines, we offer an **Ozempic** friendly menu for cocktail events in our private space. It includes low calories signature drinks and our famous caviar bumps.

For the fancy events with a flair of Imperial Russia, we offer the **Caviar Bar** with crepes or crackers.

Live music available for hire for all private events.

If you can think of it, we can make it happen!
